

A large yellow JCB backhoe loader is the central focus of the image. A worker wearing a red cap and dark clothing is seated in the cab. The machine has "JCB" and "X260" branding. In the background, there are other pieces of construction equipment, including a white truck and another yellow loader, parked on a dirt lot. The sky is overcast.

SERVICES

WE HAVE THREE DIVISIONS:

CONSTRUCTION AND PLANT HIRE

This division was launched in the mid-20th Century and has over the years amassed a Fleet of Plant equipment that is fully operational at various major projects in KZN Region. Over the years, Mthiyane Construction has built a strong and solid relationship with their customers in various Organizations such as eThekweni Municipality, Department of Transport KZN and other various Municipalities in the KZN Region.

TELECOMMUNICATION INFRASTRUCTURE INSTALLATIONS

Mthiyane Construction started off by subcontracting solely in the Construction Field not until an opportunity availed itself at Telkom. At subcontracting for Telkom, The Company started off by Build Projects then expanded to Services like Internet Installation and Transmission Construction . Our Branches: Durban, Welkom, Bloemfontein and Gauteng.

HARDWARE

We currently own and operate two Hardware stores, in Umbumbulu and Maqongqo area. We service both the communities as well as the industry. We stock a wide variety of products from building materials to electrical and plumbing supplies.

1. TELECOMMUNICATION DIVISION

The Telecommunication Division has been in operation for more than 20 years, Mthiyane Construction cc has managed to build a solid reputation based on quality workmanship, good and sound management principles as this is a labour intensive division. This has resulted in Mthiyane Construction having an unbroken working relationship of more than 20 years with Telkom.

Our staff has received training on the following Microwave/RF Systems:

- ✓ ERICSON TRAFFIC NODE / MINI-LINK C&E
- ✓ PLESSEY PDS 23
